Summary

Through my marketing internship and freelance work, I developed practical skills in online marketing, brand visibility, and customer satisfaction. As a recent Bachelor of Science in Business Administration major in Marketing Management graduate, I am prepared to apply this proven blend of analytical skill and digital enthusiasm to an entry-level business role, contributing immediately to company objectives.

Experience

Bellahbeatrix Cosmetics Product Trading Marketing Intern

General Trias, Cavite
Feb 2025 – June 2025

- I created 20+ contents, videos and graphics, for online campaigns with respective keywords, to enhance the visibility of the products through search engines and algorithms.
- Managed the execution of sponsored Facebook Ad campaigns to drive traffic and increase post engagement by 60%, demonstrating effective skills in paid performance marketing.
- I created new branding strategies for the products of over 15 clients that were in tune with the market.
- I ensured high client satisfaction by providing effective customer support through order processing, product tracking, and receipts organization.

Redbubble Freelance Graphic Designer

Trece Martires City, Cavite (Remote)
September 2022 – December 2022

- I used Canva to create 159 unique T-shirt and hoodie graphics optimized for the Redbubble.
- I developed design strategies based on international trend research and keyword research for maximum alignment with e-commerce customer traits.
- Improve search visibility and increase engagement by applying targeted keywords and tags on Redbubble design descriptions.

Projects

Mobile Gamer Hub (mobilegamerhub.online) Personal SEO & Web Development Project

Trece Martires City, Cavite
November 2025 – Present

- Built and launched a custom domain website using HTML, CSS, and GitHub Pages to showcase SEO expertise in a blog format.
- Implemented on-page SEO: keyword research, meta tags, semantic HTML, and mobile responsiveness.
- Configured DNS (4 A records, CNAME for www, CAA), enforced HTTPS, and achieved 100/100 mobile speed (Lighthouse)
